

## CSE 4228: Assignment-1 (Set-C)

### Spring 2023

Tasks you have to do to complete the assignments-

1. Take a picture of yourself. (Images from online are not acceptable)
2. Create a mirror image.
3. Merge the two images!

**N.B.: Do not use any built-in function other than for RGB to grayscale conversion.**

**\*\*\* You have to merge the images in the following format.**
